

Dear Parent

Summer vacations are full of fun and frolic. We get up early in the morning, play with our friends, go out for picnics, and explore new places. There is a lot more we can do to make the vacations more interesting, exciting, meaningful & full of fun.

The worksheets are designed in accordance to children's interest to make them creative and innovative, so that they can do the homework by themselves.

- **Everyday Activities** – “Life, the gift of God, Love, the gift of life”

Let your child be a nature lover. Make a routine for your child.

1. Wake them up early in the morning and see the rising sun.
2. Take them for a Nature walk.
3. Make them water the plants.
4. Make them listen to the chirping of the birds. (This will make Kid's more empathetic).
5. Sensitize them towards animals and birds; encourage them to keep a bowl of water and grains outside the house.
6. Let them feel the fresh air and take a deep breath, also do breathing exercises.

Ask your child how he/ she felt after doing all the above mentioned activities.

Green Drive (Plant a sapling)- Explain to your child that plants also grow and what all is required for their growth. Let your child adopt a plant, help him/her germinate a seed on his/her own and see the outcome.

Steps for germination:

1. Take a pot.
2. Fill it with soil.
3. Sow the seeds.
4. Water it daily and see it grow into a plant.

Note: Send the above sapling on the reopening day of the school.

Capture the above moments, make a collage and paste it in the scrapbook (use 2 pages only)

- **Few techniques to develop the fine & gross motor skills.**

1. Scribbling on the newspapers using crayons.
2. Dough kneading –Knead the dough and make different objects out of it.
3. Sorting and counting of vegetables.
4. Sorting of Rajma and white chana and putting them in different bowls using a tong.
5. Do Free hand drawing.
6. Do clay modeling.
7. Pegging activity.

- **Tips for reading**

“Books are a treasure and reading is a pleasure.”

Here are some tips to help parents of young children to promote reading at home.

1. Choose a suitable time for reading to your child, before the afternoon nap, or after dinner.
2. Choose a special place for family reading, like a comfortable chair or pillow piled on the floor.
3. Let your child select a book for you to read.
4. Read aloud a story daily to your child.
5. Hold the book so that she or he can see the pictures, also let her/him turn the pages.
6. Take time to look at and talk about the pictures. Don't just read the story: talk about it. Let your child point out the letters, shapes, colors and animals.
7. Children read through environment, so make it text rich.

Converse in English with your ward as it will improve language & enhance the communicative skills.

- **Let's know our Surroundings-** As children learn to observe their surroundings, they begin to both identify and distinguish between sounds, sights, tastes, smells, and sensations.

They develop a sense of curiosity about themselves and the world around them. We encourage parents to point out, discuss and expose children to the world around them. First hand observation and hands-on experience is the best way to give these children the foundation that they need for learning.

Directions: - When you're in the car, shopping at the grocery store, or waiting at the petrol pump, encourage your child to look around and observe. Help him/her to identify various shapes and colours in the surroundings, ask relevant questions, as answers to questions is the first step towards satisfying their basic thirst for knowledge.

- **Make your Child Independent** by letting him/her do various day to day activities like:

1. Buttoning and unbuttoning the shirt.
2. Learn to wear shoes and socks.
3. Taking bath independently.
4. Folding mats and clothes.
5. Arranging their toy shelf.
6. Learning how to zip their school bag and clothes.
7. Arranging toys properly in the cupboard.
8. Laying the table, etc.

- **Make your child a good orator** by helping him/her learn the following in full sentences using English language-

- 1) Name of Father, mother, School, Class Teacher, Telephone Number & House Address.
- 2) Encourage your child to speak the magic words like "Thank you" ,"Please", I ,"Excuse me" and" Sorry". (The main aim of this activity is to enhance the speaking skills of your child).

- **Dot and Dash book(Pattern writing)**-Complete pages (14, 23 to 31, 33, 34, 35, 37 to 40)
- **Scrapbook Homework(without border)** :Pages have been marked for picture pasting in child's scrapbook. Kindly see & paste accordingly.
 1. **Nature Activity** -Click pictures of your child while doing the activities related to nature, guide your child to make a collage of the same and paste it in the scrap book (2 pages only).
 2. Let the child search pictures related to **summer season** from the magazines/ newspapers etc. and paste them in the scrapbook. (2 pages only).

Capture the above moments, make a collage and paste it in the scrapbook (use 2 pages only)

Father's Day- 19th June, 2017

Activities for Father's Day:

- Throwing a surprise party for the dad.
- Making a lollipop (Paste it in the scrapbook), preparing a special sandwich or salad with the help of the mother.
- Organize some games and having lots of fun on this special day.
- Clicking some pictures for memory and Pasting them in the scrapbook. (2 pages only)

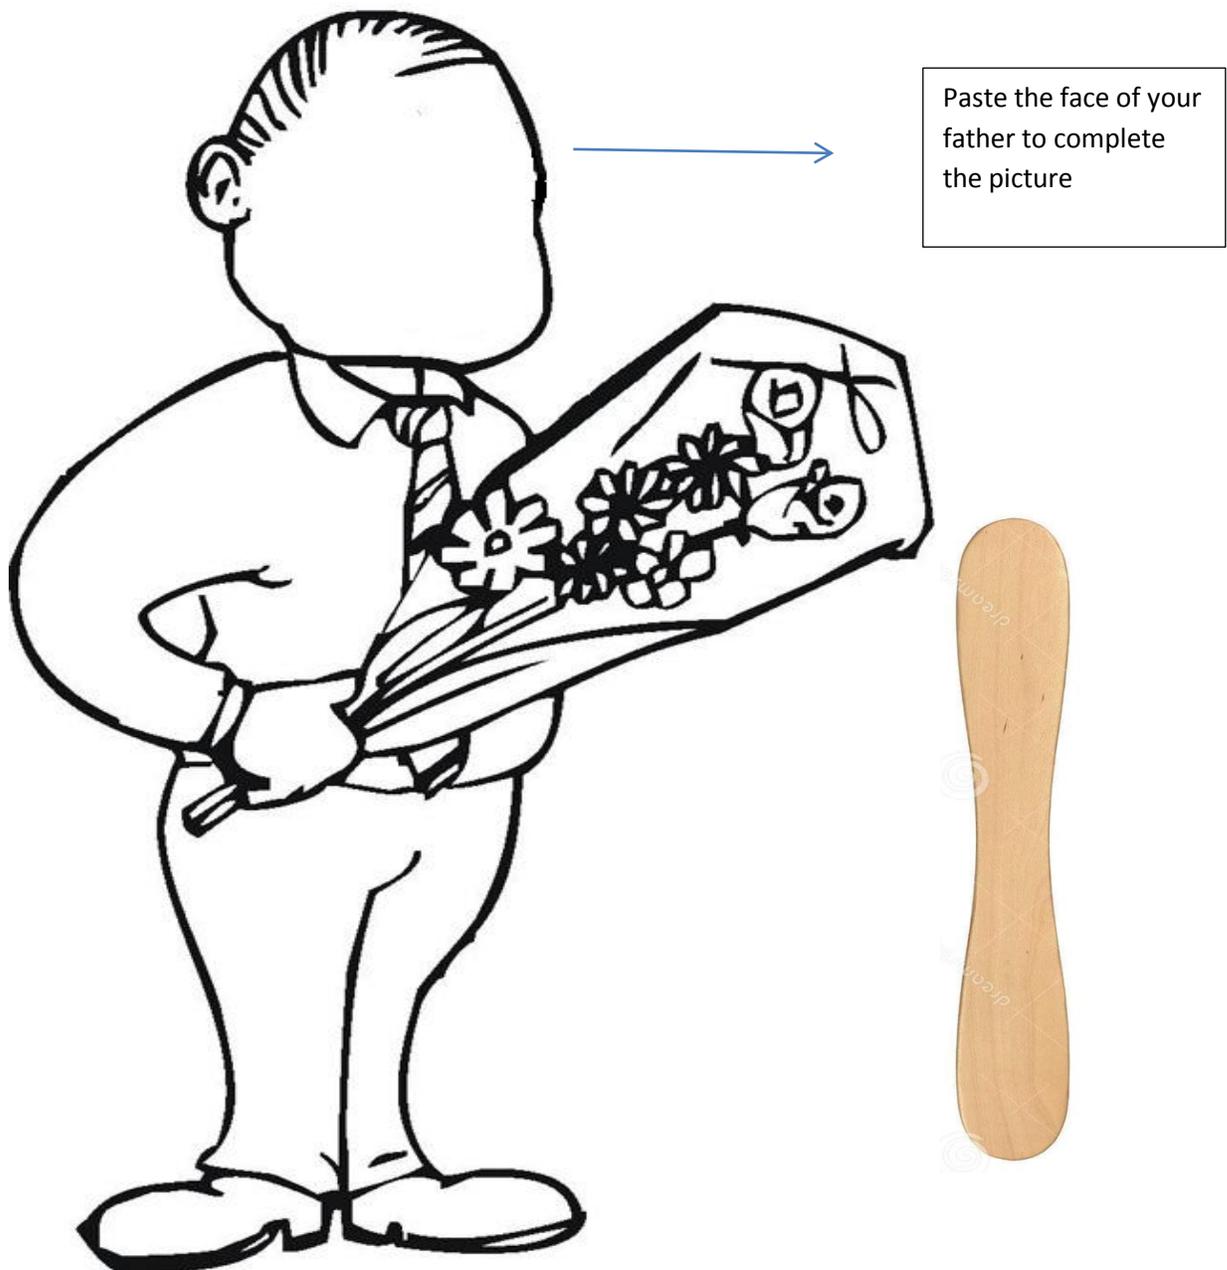

Steps for making a Lollipopapa:

- a) Cut out the figure for making a lollipopapa see the attached pic for your reference.
- b) Let the child colour the same and decorate it with materials like buttons, ribbons, mirrors etc.
- c) Paste a photograph of the father in the space given for face.
- d) Stick an ice-cream stick below to complete the lollipopapa.

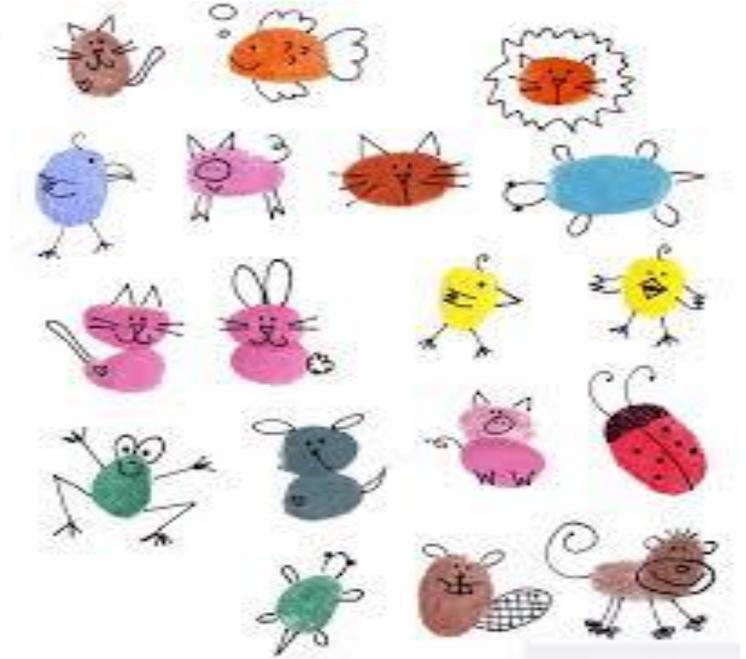

3. **Family** :- Paste pictures of your family members in the family tree.(Sheet is pasted in the scrapbook, ignore if already pasted).

Note: - Kindly send work of Scrap file & Holiday Homework Sheets on 03/07/2017.

Make a phonic alphabet mat for yourself through finger printing.

Fingerprint Alphabet

Help your child to create a colourful phonic table mat for himself/herself. Few ideas can be taken from the pictures given below.

Material used- A3 size pastel sheet, paint, marker etc.

Instructions- Take an A3 size pastel sheet, let the child print over it in a manner that same can be used to make sensible images like apple, ladybug etc. Follow the same pattern to create pictures from A to Z, see that they are phonetically correct. Write related letters along with it. Outline with permanent marker and then write the name of your child over it for easy identification. Once you are done get it laminated and send it on the reopening day of the school in a separate packet/ paper bag.

THEME OF THE YEAR: We at ASN pick up a theme every year; theme of 2017-18 is “UN Sustainable Development Goals”. To achieve following goals, some activities in relevance have been incorporated in the holiday homework.

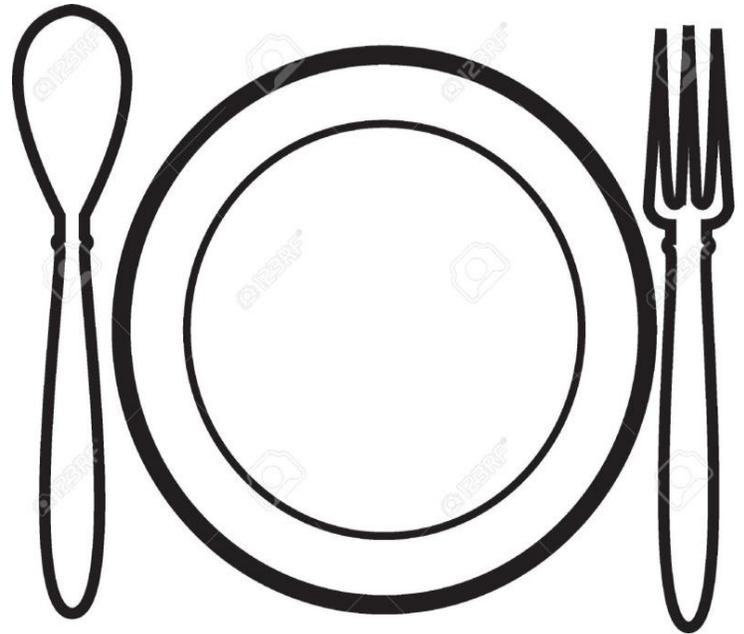

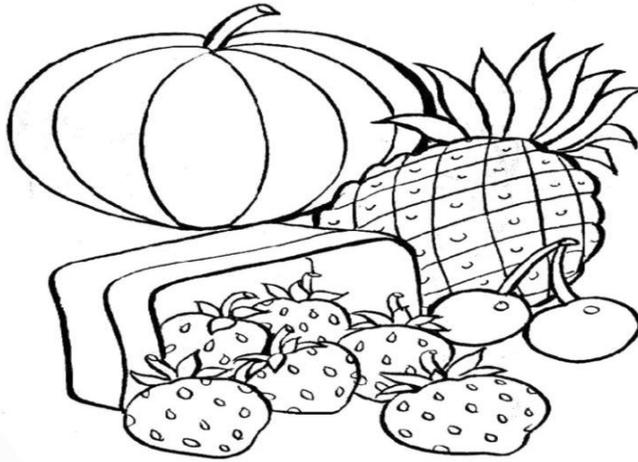

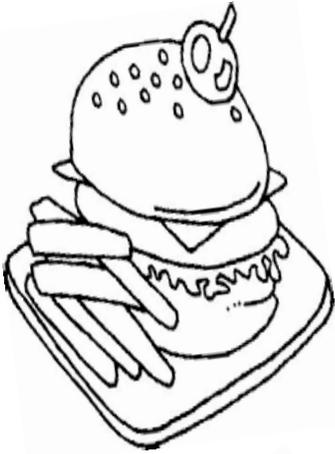

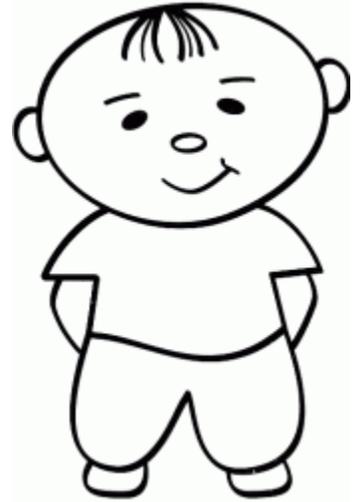

1. Life below water
2. Life on land
3. Affordable & clean energy
4. Clean water & sanitation
5. Good health & well being

Colour the picture given below and talk about what is wrong in it.

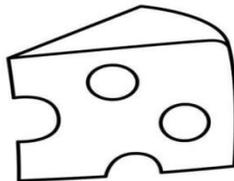

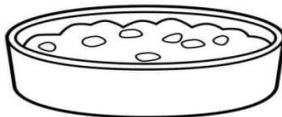

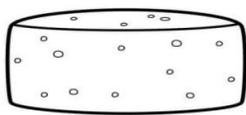

Good health and well being

Ted wants to grow tall, big and healthy. But does not know what to eat, help him by putting healthy food in his plate.

DAIRY PRODUCTS

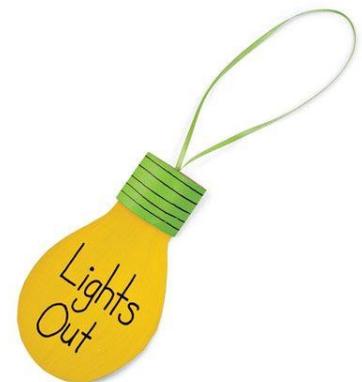

Theme: Conserve energy

Make a bookmark for yourself!

Help your child to create a colourful bookmark for him/her. Few ideas can be taken from the pictures given below.

Material used – Colourful paper, Ice-cream sticks, Paper clips, Picture cut outs, Pastel sheets cut in different shapes etc.

Tick the pictures that are right and cross the ones which are wrong in the boxes given below-

Show & Tell

To sensitize children for the sustainability of these goals, parents are requested to talk to their child about the goal he has been allotted. Some pictures are given for idea.

Kindly surf Google for creative ideas to prepare 3-D models/hanging mobiles/ Scrolls-using 2 hands/ model of earth/ bags/ photo frame / /Masks by use waste materials. Use eco-friendly material only. Child will be asked to speak few lines about his model. (These models will be displayed on the exhibition).

Roll no-1 to 7-Marine Life

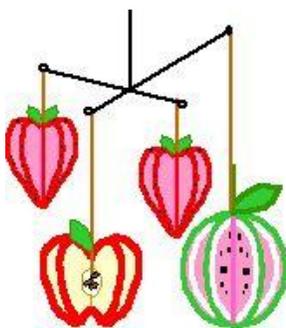

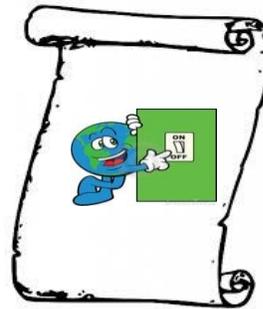

Roll no-8 to 14-Save energy

Roll no-15 to 21-Save Earth

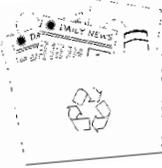

Roll no-22 to 28-Go green

Roll no-29 to 36-Health & hygiene

Roll no-37 to 40-Save Wild life

Sort out the items given below, cut them out and paste them appropriately in the boxes given below-

<p>I can help the earth</p> 	<p>The earth helps me</p>
