HOLIDAY HOME WORK (2018-19)

CLASS-III

Dear Parents

Summer Vacation is at our doorstep when children luxuriate in fun, frolic, enjoyment and relaxation. It is the time when they are away from their regular routine of going to school and have ample time with you to unwind their creative skills. It is important to invest time with them now. Here are some tips to make this period a fruitful and happy one.

- ❖ Visit the grandparents and let your children bond with them. Their love and emotional support is very important for your child.
- ❖ You must have at least two meals together with your children and ask them not to waste their food.
- ❖ Share stories about your childhood and your family history.
- ❖ Allow your child to play outdoor games, get hurt and get dirty so that they become more resilient to face life.
- ❖ Avoid giving chocolates, cream cakes, chips, cold drinks and too many bakery products and fried items.
- ❖ Sensitize your child about the rich culture and heritage of our country by watching different informative channels.
- ❖ 'Knowledge is Power'. Therefore, encourage your child to cultivate the reading habit because it not only enhances the knowledge acquired but also develops the vocabulary, language skills and improves spellings.

The holiday homework is planned in a manner that it inculcates innovativeness, creativity and interest in the children. It will not only enable in-depth learning but will also help them to explore, discover and reinvent. As parents, kindly motivate and lend support to your child in completing the assigned tasks well in time and to the best of their ability. Your support and encouragement can actually make a huge difference to the ultimate learning outcome of these projects.
