“Life, the gift of God, Love, the gift of life”

As children learn to observe their surroundings, they begin to both identify and distinguish between sounds, sights, tastes, smells, and sensations.

We encourage parents to discuss and expose children to the world around them. First hand observation and hands-on experience is the best way to give these children the foundation that they need for learning.

So, Let your child be a nature lover. Make a routine for your child.

1. Wake them up early in the morning.
2. Take them for a Nature walk and see the rising sun.
3. Make them listen to the chirping of the birds. (This will make Kid more empathetic).
4. Let them feel the fresh air and take a deep breath, also do breathing exercises.
5. Sensitize them towards animals and birds; encourage them to keep a bowl of water and grains outside the house.

Ask your child how he/ she felt after doing all the above mentioned activities.

Capture the above moments, make a collage and paste it in the scrapbook (use 2 pages only)

Green Drive (Plant a sapling)- Explain to your child that plants also have life and discuss how do they grow and what all is required for their growth. Let's improve their observation and experience by germinating a seed. It will surely be a lovely experience for them.

Steps for germination:

1. Take a pot.
2. Fill it with soil and manure.
3. Sow the seeds.
4. Water it daily and see it grow into a plant.

Note: Kindly send the sapling on 2nd August '18 i.e. Sapling Plantation Day as mentioned in almanac.

H.W-: Click the pictures of the child while nurturing the plant and paste it in the scrapbook in form of a collage.(use 2 pages only).

3. Tips for Reading

"Books are a treasure and reading is a pleasure."

Here are some tips to help parents of young children to promote reading at home.

1. Find opportunities to read out stories to your child, using picture books, puppets, soft toys or real objects as props. But make sure he/she is enjoying the story. After narrating stories, ask questions such as – what did you like, who was your favourite character in the story.
2. For short stories and rhymes use books with large colourful illustrations. Use voice modulation and gestures to make it an exciting experience for him/her.

Suggested series of story books for reading

- Brownie Bear (Scholars Hub)
- Bubbles (Bubbles First Story Books)
- Bruno (Bruno Early Readers)
- Pepper (Pepper Series)

Note: Make your child learn a story from the books mentioned above as same will be narrated by him/her in the month of July within the class as per the given schedule.

Child will come dressed up in the costume as of one of the characters of the story for narration on special assembly day. Note the schedule.
