

**ASN Senior Secondary School**  
**Mayur Vihar-I, Delhi**

**Circular No. ASNSR/2021/57**

**Date: 05.04.2021**

Dear Parent

Greetings!

A very warm welcome to you and our children, the young aspirants of excellence as they step into the first year of their formal school education and embark upon this journey leading to success. It is our privilege to be entrusted with your wards education.

ASN is a place where we have committed ourselves to the vision of excellence where sound ethical values, character, wisdom, leadership and academic achievement are harboured and encouraged. It is through this that we create a focus on student success. We develop curious, passionate, self-learners - owners of their learning journeys and perpetrate joy of discovery and adventure of learning through active hands-on, inquiry-based classroom. We envisage a culture of creativity where children can explore, connect, express their thoughts, feelings, imagination and discover their talents through aesthetics, arts, culture and critique.

Our multi-faceted dynamic inter-disciplinary curriculum provides space for experiential learning promoting deeper conceptual understanding and higher order thinking processes in learners. It is our constant endeavour to focus on enhancing and strengthening inquiry based meaningful learning activities for the students enabling them to think critically and become self-directed learners. You will be happy to know that in the upcoming session, we are incorporating entrepreneurship and global citizenship skill development in our curriculum to make our children not only progressive learners but future ready citizens who are equipped to meet global and socio economic challenges of the 21st century.

We provide a happy and safe environment where students can experience opportunities beyond the classroom so that they can become independent learners and responsible and confident adults. We foster values of courtesy, consideration and individual responsibility and offer a high level of challenge accompanied by equally high levels of support.

Frederick Douglass once said, "It is easier to build strong children than to repair broken men." The work we do together as educators and parents to develop children and to do what is best for children is challenging and complex, and there is arguably no more consequential work in life than the work of developing and educating children. At ASN, we believe that with the collective efforts of the students, staff and parents we will continue to achieve our cherished goals. Furthermore, we appreciate a strong partnership between parents, teachers and school leaders.

It is on this note; that I invite all of you to become our partners in a journey of education where we will be exposed to a multiplicity of interfaces.

We have ensured that our curriculum for the new virtual academic session, as of now, is agile and optimized for hybrid –flexible learning.

Being optimistic of bright days ahead, I wish all the best to each one for a safe, stimulating and progressive journey ahead.

Best wishes!

Swarnima Luthra
