Summer Holidays Homework

KG 2016-17

My Name is _____

I study in class _____

I am _____ *years old.*

Note: Paste your picture on the face.

That time of year is around the corner,
So we wish you all the best.
At this special time of year:
May your holidays be special,
Filled with happiness and cheer.
Along with fun we learn by doing
Learning is important
As it would give us joy
When we get back to school
We would know a lot more
As home is also my school

Dear Parent

Long summer break is a part of school life! It provides time for rest and leisure. Children can just eat, play and make merry! Vacations are a time to reinvigorate and revive. Here are some interesting activities that will keep your child engrossed indoors.

We at ASN pick up a theme every year; theme of 2016-17 is “**UN Sustainable Development Goals**”. To achieve these goals following topics and the activities in relevance could be incorporated in the holiday homework.

1. Save the marine life
2. Save the wildlife
3. Conservation of energy
4. GO Green
5. Save earth
6. Health & Hygiene

The worksheets are designed in accordance to the child’s interest and make them creative, innovative to help the learner to do the homework by himself.

Note: All the worksheets to be sent back on 06/07/2016 in a handmade folder with the pocket inside. We will intimate the date for the submission of craft work.

I. Project work

We have allotted the project work as per the roll no's given below

II. Developing listening and reading skills

Let's Get Started:

“Listening makes me alert. Reading makes a ready man

“There are many little ways to widen your world. Love of books is the best of all.”

Here are some tips to help young children to promote reading at home.

1. Find a suitable place for reading of the bed time stories maybe in the midst of pillows.
2. Let your child select a book for you to read.
3. Hold the book so that she or he can see the pictures, also let her or him turn the pages.
 - a) Read aloud a story daily to your child. Encourage him/her to read three or four letter words coming in between the lines. Use finger to moving from left to right to read .
4. Take time to look at and talk about the pictures. Don't just read the story: talk about it. Let your child point out the letters, shapes, colors and animals. Comprehension of the story begins by the reading habit.

Some of the suggested story books are:

Lady Bird series, Peter and Jane series, Pepper Series, Berstain books etc.

Note: During holidays child should learn 1 or 2 of his favourite stories by viewing the videos or dramatization, so that he/she is able to narrate the same in the **special assembly** when the school reopens.

The child should come dressed up in the costume of one of the characters of story for narration on special assembly day. Note the schedule.

V. Father's Day

DAD

When I was born,
You were there to hold me whenever I fell and wherever.
When I said my first words,
You were there for me,
To teach me the whole dictionary if need be.
When I took my first step.
You were there to encourage me on.
When I had my first day at school,
You were there to give me advice and help me with my homework.
And I know you will be always there for me what I want to be in life
So I just wrote this to say 'I LOVE YOU DAD!!!'

Father's Day- 19th June,2016

Party Time – Let your child make a card using vegetable print/ dry flowers etc. Prepare lemonade and some snacks for the family and enjoy the party. Don't forget to click some pictures for your memory. Play the music on xylophone or by making your own instruments (Jaltarang).

What is needed?

- 5 or more drinking glasses or glass bottles/glass bowls.
- Water
- Wooden stick such as a pencil.

How to use?

- Line the glasses up next to each other and fill them with different amount of water. The first should have just a little water while the last should be almost full, the ones in between should have slightly more than the last.
- Tune the glass with the least amount of water and observe the sound, then the glass with more water, which makes the louder sound?
- Tune the other glasses and see what noise they make, see if you can get a tune going by striking the glasses in a certain order.
- Each of the glasses will have a different tone when struck with the pencil; the glass with more water would have the lowest tone while the glass with the less water would have the highest. Small vibrations are made when you strike the glass.

V. Health & Hygiene

- ❖ Keeping the house and surroundings clean.
- ❖ Trim nails regularly.
- ❖ Brush teeth twice daily.
- ❖ Take a bath every day.
- ❖ Wash hands before and after meals.
- ❖ Avoid littering around and always throw garbage into the dustbin.
- ❖ Avoid throwing things out of the windows of the car or school bus.

“Healthy mind lives in a healthy body.”

VI. Scrapbook

Using cutouts from magazines, newspapers, help your child to paste pictures of things we use for keeping ourself clean. Ex: Soaps, shampoos, toothbrush, hairbrush etc.

Note : Use only 4 pages front and back for the above mentioned activity .
