

LPW BULLETIN

THE LATEST EVENTS AND HAPPENINGS AT
ASN LOWER PRIMARY WING

NOVEMBER-DECEMBER 2020 VOL. 4

Message from the Incharge

Dear Parents

Greetings!

"Today you are you! That is truer than true!
There is no one alive who is youer than you!"-
Dr. Seuss

Our life consists of experiences sometimes
viewed by us as isolated or unrelated events.

At times we view these happenings simply as the experiences they are, and at other times, as opportunities for learning. Personal reflection enables us to process and make meaning of all the great (and not so great) experiences that we've had. We at ASN School see great value in the application of critical reflection across a range of educational frameworks. Self-reflection is essentially about creating self-awareness.

As we draw close to the end of this year it brings us to the question 'How into 2021?' The outbreak of the global pandemic has already set the ball rolling with the shift in the approach from content to concept based teaching and for Learners to involve in more group tasks, synchronous and asynchronous experiences with teachers and peers, paving the path to personal learning for individual as well as group projects while addressing the skills, abilities, interests of pupils.

We will look at renewed opportunities to engage with Real-world projects and actions involving students to create rather than just consume information. This committed community of learners have risen above the tide redefining the meaning of the VUCA world - with a focus on Vision, Understanding the needs of young learners, moving with Clarity and Adapting to the ever evolving space.

Through all of this Technology will remain central in the changing paradigm of education and your support in co - creating a conducive learning environment along with Teacher mentors is the alchemy of a gainful learning journey that we aspire for every child.

With this I extend my wishes for a very happy and a prosperous new year beginning to each one of you!

Be Healthy and Stay Safe!

Best Wishes!

Dr. Renuka Rawat

ASN at a Glance

- ASN awarded IGBC Green Schools under existing school category by Indian Green Building Council.
- Ranked No. 1 in Green Rating by GRIHA Council for Integrated Habitat Assessment Exemplary Performance Award for Existing Day Schools.
- ASN bagged Handprints for Waste Management and Biodiversity from Centre for Environment Education (CEE) for their exemplary work under International Eco School Programme.
- ASNites enthusiastically participated in FIT India School Week and Cyclothon.

SNAPSHOT OF THE MONTH

LITTER LESS CAMPAIGN

Under the Eco School Program, the largest global sustainable schools programme which encourages young people to engage in their environment by allowing them the opportunity to actively protect it, the primary school organised the second phase of the Litter Less Campaign. The school lock-down due to COVID-19 pandemic posed an unprecedented challenge to the campaign this year and it was restructured to meet the present demands.

The plan devised was targeted at different grade levels and aimed at reducing the paper wastage and increasing the paper re-usage, creating awareness on the impact of plastic litter on wildlife and the environment and hence, promoting plastic recycling and reusing at home level, and encouraging appropriate segregation of household waste and composting at home.

This involved creating awareness among students through virtual discussions and presentations on different litter issues, sharing facts and figures of plastic, packaging and household waste, holding orientation sessions, panel discussions and webinars on understanding the different codes and symbols determining the grade of plastic, exploring, analysing and brainstorming on the issues of waste generated through packaging material and single use plastic items.

The campaign was executed throughout the month of December with a well-defined work flow and enriching hands on activities, that definitely promoted sustainable actions to increase student knowledge and practical skills in preventing and managing litter and waste in the contexts of the global sustainable development agenda (SDGs).

The campaign educated the students about the challenges of litter and waste in their home and communities and empowered them to become leaders driving sustainability and positive behavioural change. They engaged in tackling environmental problems at a level where they could see tangible results, spurring them on to realise that they really could make a difference. This instilled in students a sense of responsibility and cultivated a sustainable mind-set which they could apply on a daily basis.

The Litter Less Campaign @ Home, despite the challenges, was accomplished successfully and students were incredibly creative and committed to continuing their efforts from home.

PAPER WISE... PAPER SMART STORY

(AAHELI MUKHERJEE • CLASS 1 - C • ROLL NUMBER 3)

Aaheli's experience with PAPER MACHE (using old news paper)

started with Cutting of news papers into half-small pieces

Then I poured some water on it and left it for a day

After 24 hours I took 1 portion of floor and 2 portions of water

Then I mixed it with the paper pulp (shown in picture 1)

Gradually it became like a clay dough - the Paper Mache dough was ready

Then I Gave it a shape of vase and let it dry for a day

Then after it was dry I applied a thick and uneven layer of Fevicol on the Vase and let it for drying for sometime.

After the Fevicol was completely dry, I applied bright colors on it

And it started looking like a Ceramic Vase

And this is how it looks now.

ENGLISH RECITATION – CLASS 2

Lower Primary Wing conducted an English Poem recitation competition on the theme – 'Solution to Plastic pollution' for the students of Grade II. This competition is in continuation of our litter less campaign which was kicked off in month of December. With this we aim to promote awareness regarding preventing and managing litter and waste in the contexts of global sustainable development agenda(SDGs).

ENGLISH RECITATION – CLASS 1

Lower Primary Wing conducted an English Poem recitation competition on the theme – 'Paper Wise Paper Smart' for the students of Grade I. This competition is in continuation of our litterless campaign which was kicked off in month of December. With this we aim to promote awareness regarding preventing and managing litter and waste in the contexts of global sustainable development agenda(SDGs).

WASTE TO WONDER

As a culmination activity of the ongoing Litter less Campaign, we have conducted a 'Waste to Wonder' competition on 'PAPER WASTE' - Grade 1 and 'PLASTIC WASTE' - Grade 2.

SNAPSHOT OF THE MONTH

SP. ASSEMBLY – BREATHE HEALTHY BE HEALTHY

Class 1 A presented an assembly on 'Breathe healthy Be healthy' to convey a significant message that air pollution should be controlled by taking simple measures in daily life so that we can breathe healthy and stay healthy. Assembly started with beautiful thoughts and Dohas followed by presentation of causes and effects of air pollution by students. The measures that should be taken by everyone to stop air pollution were shown through simple enactment by students- Stop burning crackers, plant more trees, save electricity, stop stubble burning etc. Importance of doing yoga daily for improving our lungs health and home remedy to improve breathing and fighting for corona virus were depicted by students. 'Healthy food is also important for healthy life', this was presented through a melodious song where they showcased the important of healthy diet. Assembly ended with a mesmerising dance performance on a melody of songs with a beautiful and inspirational message on the highlighted issue- stop pollution, breathe healthy, save the Mother Earth.

SNAPSHOT OF THE MONTH

SP. ASSEMBLY – CLEAN ENERGY GREEN ENERGY

Students of Class I B presented a virtual assembly on "CLEAN ENERGY GREEN ENERGY" listing the importance of Renewable sources of energy in nature. The assembly was an effort to sensitize the audience about the options of clean energy necessary to adopt so as to overcome the threat of depletion of energy sources and educate everyone to adopt 'energy wise' actions for effective and efficient energy consumptions.

SNAPSHOT OF THE MONTH

SP. ASSEMBLY SHARE THE BLESSINGS

"When you focus on being a blessing God makes sure that you are blessed in abundance". The enthusiastic students of Class 1 C presented an assembly on the theme 'SHARE THE BLESSINGS'. The program began with a warm welcome extended to the Principal, Incharge, teachers and parents followed by the Prayer and Ganesh Vandana, seeking the blessings of Almighty God and thanking him for his grace. Following this was the presentation of English and Hindi thought, Dohas and Poem depicting the importance of sharing in one's life and how it makes life meaningful. In order to express the assembly's theme students presented a short story to showcase their attitude of gratitude towards the things which they are blessed with in their lives. The assembly ended with a heart touching song and mesmerizing dance on the song 'Little Light of Shine'. Our Incharge, Dr. Renuka Rawat and Principal Ms. Swarnima Luthra congratulated the class, parents and teachers for presenting an amazing and insightful assembly.

COUNT YOUR BLESSINGS NOT YOUR CURSES

HINDI THOUGHT

मदद करने के लिए केवल धन की जरूरत नहीं होती, उस के लिए एक अच्छे मन की जरूरत होती है।
