LEARNERS ARE LOCKED DOWN; NOT THE EDUCATION

Ms. Swarnima Luthra (PRINCIPAL)

"Remember that even in the darkest of times, there is a fire of opportunities waiting to be kindled."

The lock down has indeed been a tumultuous period for everyone, especially for the students who had to suffer this turbulence at such a tender age.

Keeping their healthy state of mind into consideration, we redesigned and created an online learning curriculum for the students comprising of a plethora of fun and creative activities.

With our refurbished plan for the session 2021-22, we are ready for a new and challenging tomorrow with a positive plan in place to continue the home learning journey of our beloved students.

Hopeful for a constant and unconditional support from our valued students, parents and staff.

‘A difficult time can be more readily endured if we retain the conviction that our existence holds a purpose.’
