ASN Sr. Sec. School
Mayur Vihar-I, Delhi – 110091

CIRCULAR

Dear Parent, Date: 8th April' 2016

As per the Delhi School Education Act and Rules 1973, School Managing Committee is empowered to decide the school fees for each academic session and is required to intimate the Directorate of Education of the same before commencement of the next academic session i. e. by 31st March and the school may not charge more than that specified fees by the school as above during the new session except in any special circumstances.

This year the school has raised the tuition fee up to 10% only, after taking the approval of school managing committee inclusive of the nominees and advisory board members from Directorate of Education as required. The fee increase is justified and made only after proper consideration of all facts & figures.

The fee matter is however subjudice in the courts. The decisions shall be binding on the Directorate of Education as well as on schools. We shall abide by the final decision so ordered by the courts.

In the meanwhile if any parent wishes to deposit the fee as prevailing in previous session, he/ she can do so.

In such a case, these parents will deposit the arrears of fee structure for the present academic session along with the next quarter's fee as per the decision arrived at in the court.

Sonia Luthra
