ASN Senior Secondary School

Mayur Vihar-I, Delhi

Dear Parent, Date: 26/08/2016

ASN has not only been taking initiative towards issues like 'Save Girl Child', 'Save Yamuna', 'Save Environment'; but has also sensitized and encouraged the students to work for the same.

Taking this legacy forward, we are collaborating with **POWER Foundation**, an independent, registered non-profit organization for targeted interventions, grassroots projects and networking on contemporary gender issues which affect a large segment of the female population of India in its new project "*Samachar*".

This festive season "*Samachar*", aims to add a little joy and light in the life of underprivileged children. For this they are collecting old newspapers. The proceeds of this will be utilized to distribute gifts among the underprivileged. To support their initiative, the school too has decided to give away newspapers and spread smiles.

I therefore request you all to join hands with us and give old newspapers (minimum 5) on 27th August, 2016, Saturday, during PTM. Collection boxes will be kept on both sides of Gate no. 1, of the school, by the team POWER Foundation.

Looking forward to your wholehearted support for the noble cause.

Sonia Luthra
Principal
