**IT'S TIME FOR FUN  
FILLED ACTIVITIES**

**Children are reservoirs of potential which needs to be tapped and channelized in diverse ways.**

**We at ASN feel that it is very important to fire their Imagination and foster an outlook that helps them explore, discover and rediscover. Children should be encouraged to develop intellectually and physically.**

**Summer Vacation is the best and fruitful time for learning and for nurturing creativity. The designed Holiday Homework would not only enhance achievements of our children but also help to enhance family relationships. It would teach them to work independently and would improve their basic academic skills, such as reading, writing and spellings, and would help them develop personal skills and time management.**

Dear Parents

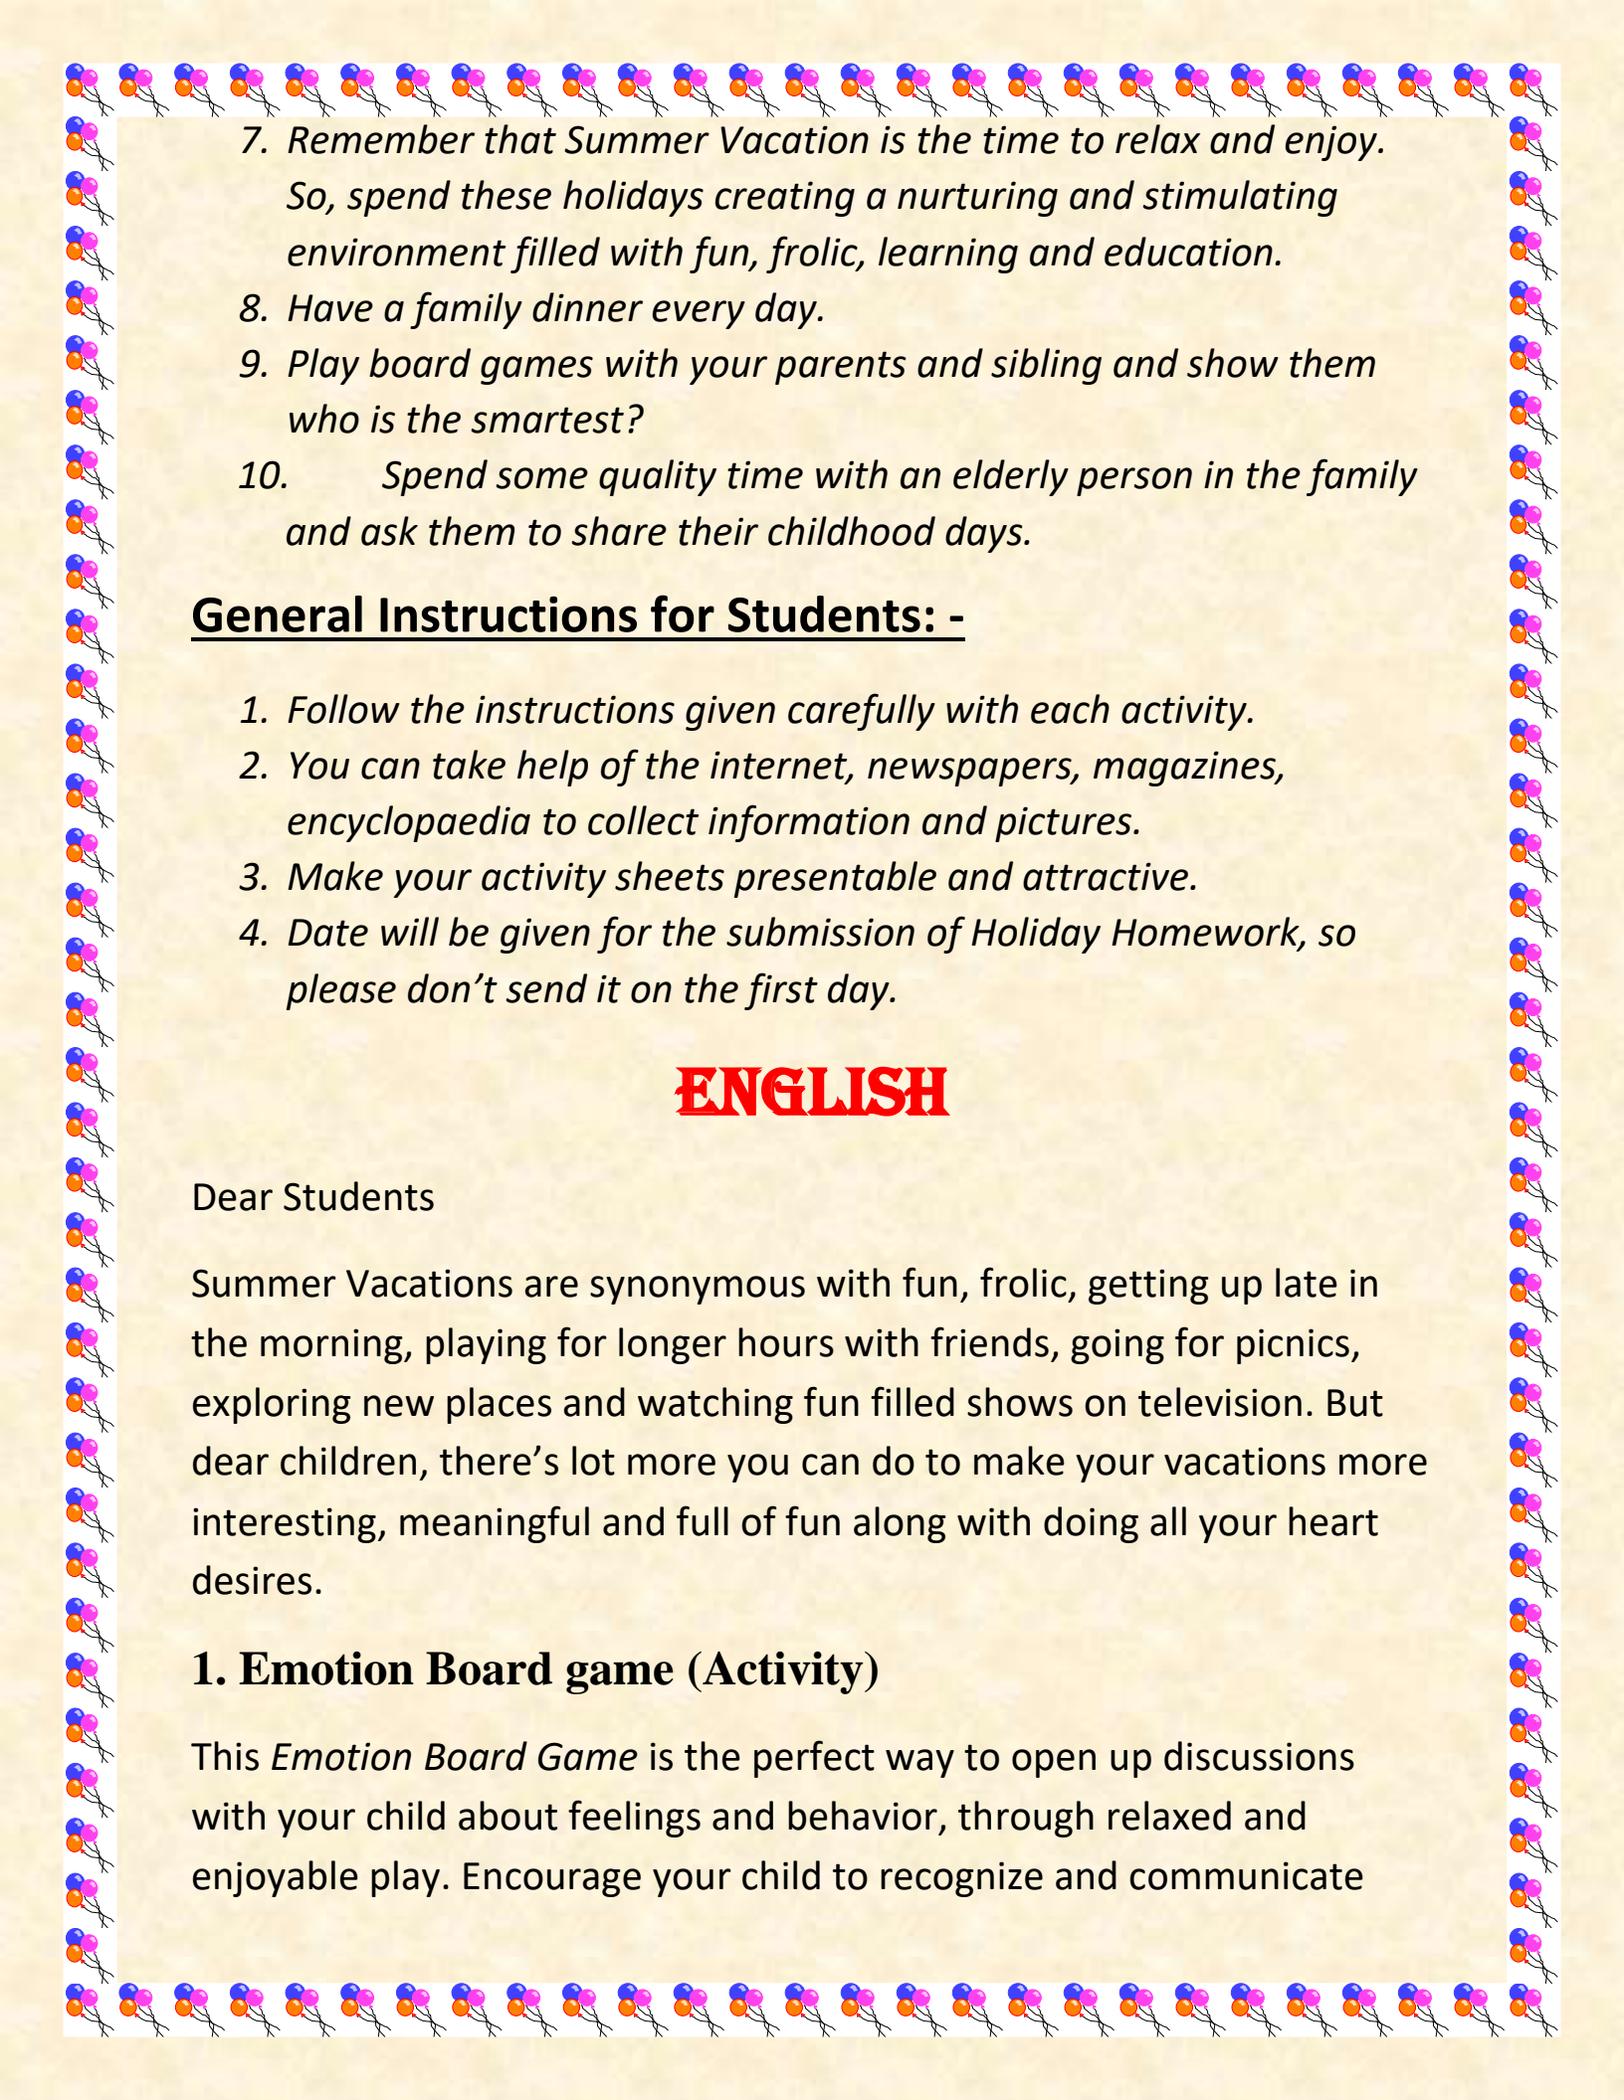

It is the time of the year when children connect with the family in many ways. We wish that our children pursue indoor hobbies, eat right, connect with friends and relatives, go to their favorite summer spots virtually and indulge in their most loved activities. Promise to help our children in doing so. To fruitfully engage our children these days, we have prepared some interesting and engrossing activity sheets that will broaden their analytical horizon and pamper their creative skills. We do hope that our young children will enjoy the activities with their family.

Wishing you a very enjoyable and happy vacation!

Stay Happy, Stay Healthy, Stay Safe, Stay Connected, Stay Blessed always!
