**Nursery (2022-2023)
Summer Fun Activities**

Holidays are the best time of the year,
Time to shout, and clap and cheer!
Jump about and have lots of fun,
Enjoy treats in tons and tons!
Plan a trip, go around and explore,
Be it mountains or the sea shore.
Try cool recipes for your grandparents too,
Experiment and projects to be done by you.

Dear Parent,

We hope the children enjoyed their first spell as much as we enjoyed getting to know them. Summer vacations are just around the corner. To keep our little ones indoors in the sweltering heat and to utilize their time with constructive and creative activities, we are sending a few assignments that would help the children get a grasp of the work done in the school.

Books are children best friend. Create your child's interest in different colorful books and help your children learn new things through exploring their interests. Have a bed-time story session with your kids.

Eat fruits and salads to stay healthy. Keep yourself hydrated by drinking lots of water. Surprise your mom by putting on your apron and helping her in the kitchen.

Cultivate manners: Remember the magic words? Make these a part of your personality.

Care and concern: This is a chance to look after your parents, grandparents, elders and even younger brothers and sisters. You can surely be of some help around the house.

Feel the fresh air: Take a deep breath and do morning exercises.

PLE (Practical Life Experiences)

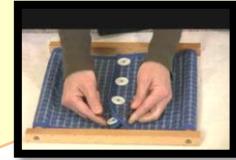

Independent Me

So, here are some techniques to be followed at home to develop the fine motor skills in your child: -

Let your child indulge in activities like:

**Zipping
and
unzipping**

**Buttoning
and
Unbuttoning**

**Opening
and closing
the bottle
cap/tiffin**

**Squeezing
bath
sponges**

**Mashing
Potatoes and
Rolling
Chappatis.**

**Scribbling on the
newspapers
using crayons.**

**Do clay modeling
and
Free hand
drawing.**

**Watering the
plants using
spray bottles.**

**Folding mats
and clothes.**

Self-Introduction:

Knowing about one self is the most important thing at this tender age of learning! To further build the confidence amongst children let's start by teaching them how to introduce themselves.

1. My name is _____.
2. I am a girl/boy.
3. ----- is the colour of my hair.
4. ----- is the colour of my eyes.
5. I am ----- years old.
6. I study in class Nursery.

*Make your child learn the name of father, mother, school and class teacher, telephone number of parents.

Let's Converse in English

- Talk about clothes when your child is getting dressed or when you are sorting laundry ("Let's put on your blue socks', 'it's Dad's T-shirt' etc)
- Practice vocabulary for toys and furniture when you are helping your child to tidy their bedroom (Let's put your teddy bear on the bed', where is the blue car?)
- Teach food vocabulary when you are cooking or going shopping. When you go to market ,give your child a list of things to find (use pictures)
- There are many games you can play like memory game, word game, board games etc to enhance the vocabulary of the children.

Im Lou,
Im 5 years old.
I go to a Kindergarten.
I have a lot of friends.
I really like to draw.
I can draw well.
I want a box of crayons for my birthday.
My birthday is October 20th.

I have a big (older) brother.
His name is Kevin.
He has blond hair and blue eyes.
He is handsome.
I like to go to park with him.
I love playing in a sandbox.

Children learn naturally when they are relax and having fun. The most important thing is that you are enthusiastic and that you give your children lots of encouragement and praise. Your child will pick up your

enthusiasm for the language

Let's be Creative –

Every child is an artist, it is our duty to give them freedom, materials and space to let their creativity blossom. It encourages children to think, helps in developing skills and build confidence in them.

- ❖ Make a self design table mat (A3 size) and cloth napkins (using different types of printings like vegetable, leaf, bottle caps, flowers, hand printing etc...)

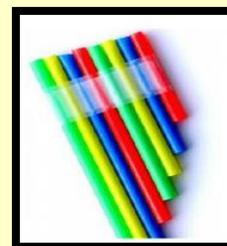

Examples

Handy Musical Instrument

Exposing young children to musical instruments can help to achieve various skills like listening skills, eye hand coordination, fine motor skills and in developing muscle tone in the hands and arms. Therefore, help your child to make any one handy musical instrument.

Examples

Let's make them ... Little Chef

The Kitchen can be a fascinating place for our little ones as they are intrigued to see their moms working briskly in there. watching the steam rise from the pots and smelling what's on the menu for the day. Putting dishes together in which they eat or helping out in simple tasks like stirring .whipping or pouring something will seem like fun to them but in a way they will learn importance of working together and enjoying the simple pleasures of life. So let's help our children acquire these life skills which will be a life long learning for them. Bringing kids into the kitchen can benefit them in a number of ways. Cooking can help: Build basic skills , Encourage an adventurous palate , Help young kids explore with their senses. Some easy to do recipes with our little chefs can be lemonade , fruit salad , ice lollies , Monaco toppings etc..... Do give it a try and enjoy the expressions of wonder and amazement in their eyes. Click the pictures of your child while cooking and do share with us .

Let's Read

Books are a treasure and Reading is a pleasure.

Parents must set an example - When our child sees us and enjoying a book or newspaper article, we sending a message reading is important valuable so here are some tips to help parents young children to promote reading at home.

Tips for Reading

Find opportunities to read out stories to your child, using picture books. But make sure she/he is enjoying the story. After reading the stories, ask questions such as – What did you like ?, Who was your favourite character in the story?

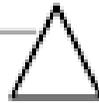

For short stories and rhymes use books with large colourful illustrations. Use voice modulation and gestures to make it an exciting experience for her/him.

Make your child learn 2 new words daily from the stories read.

Name _____

Color the shapes.

red

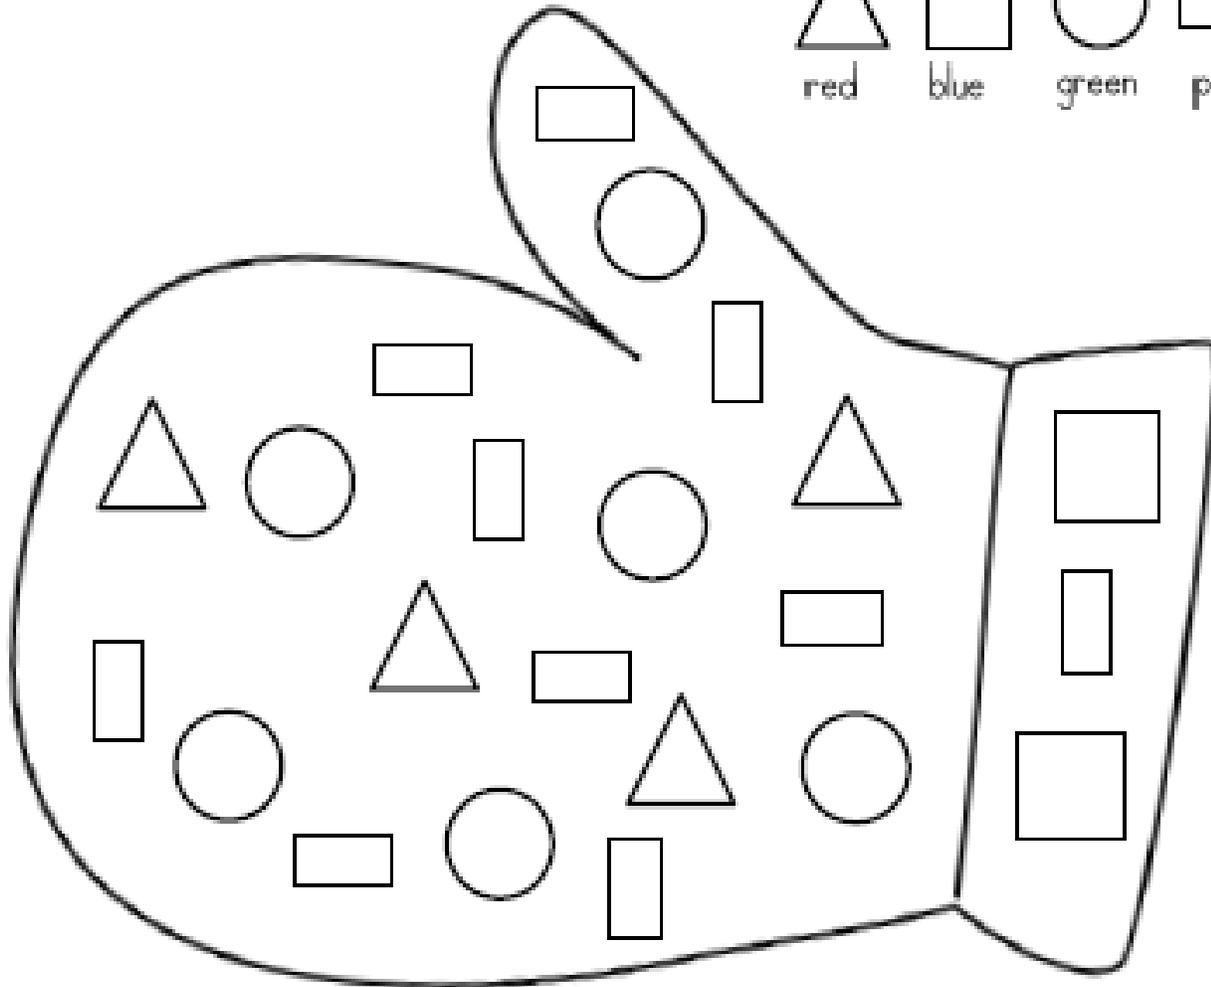

blue

green

purple

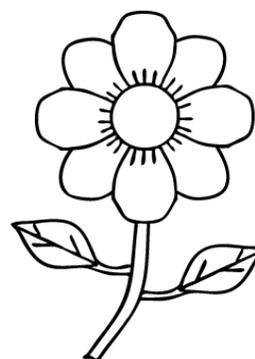

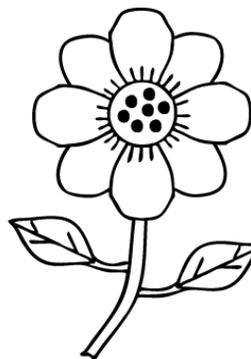

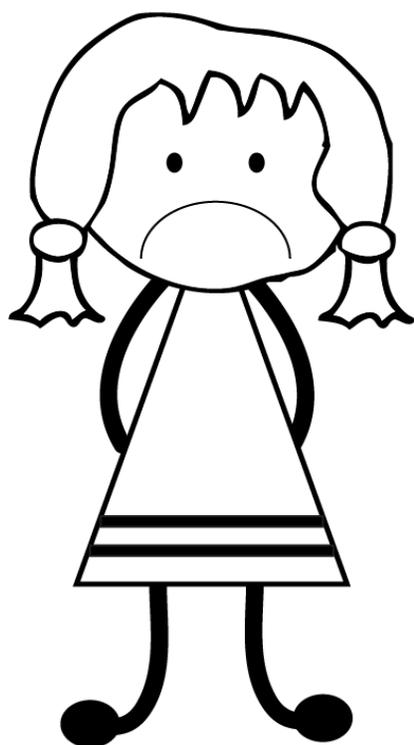

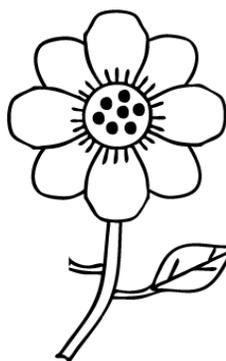

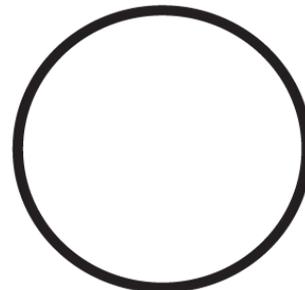

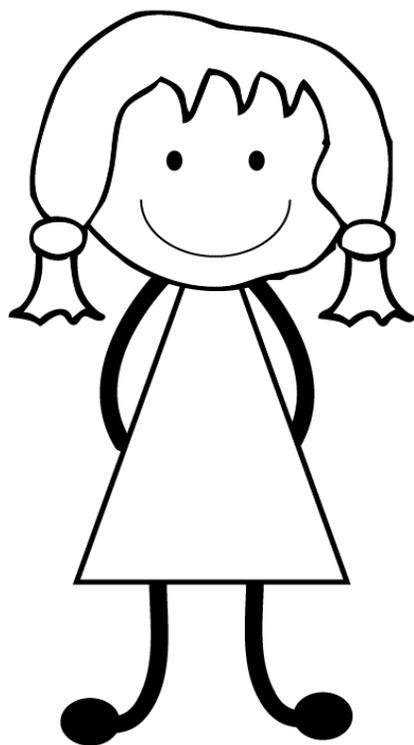

Count the shapes. Color the graph.

1 2 3 4 5 6 7 8 9 10

										
										
										
										

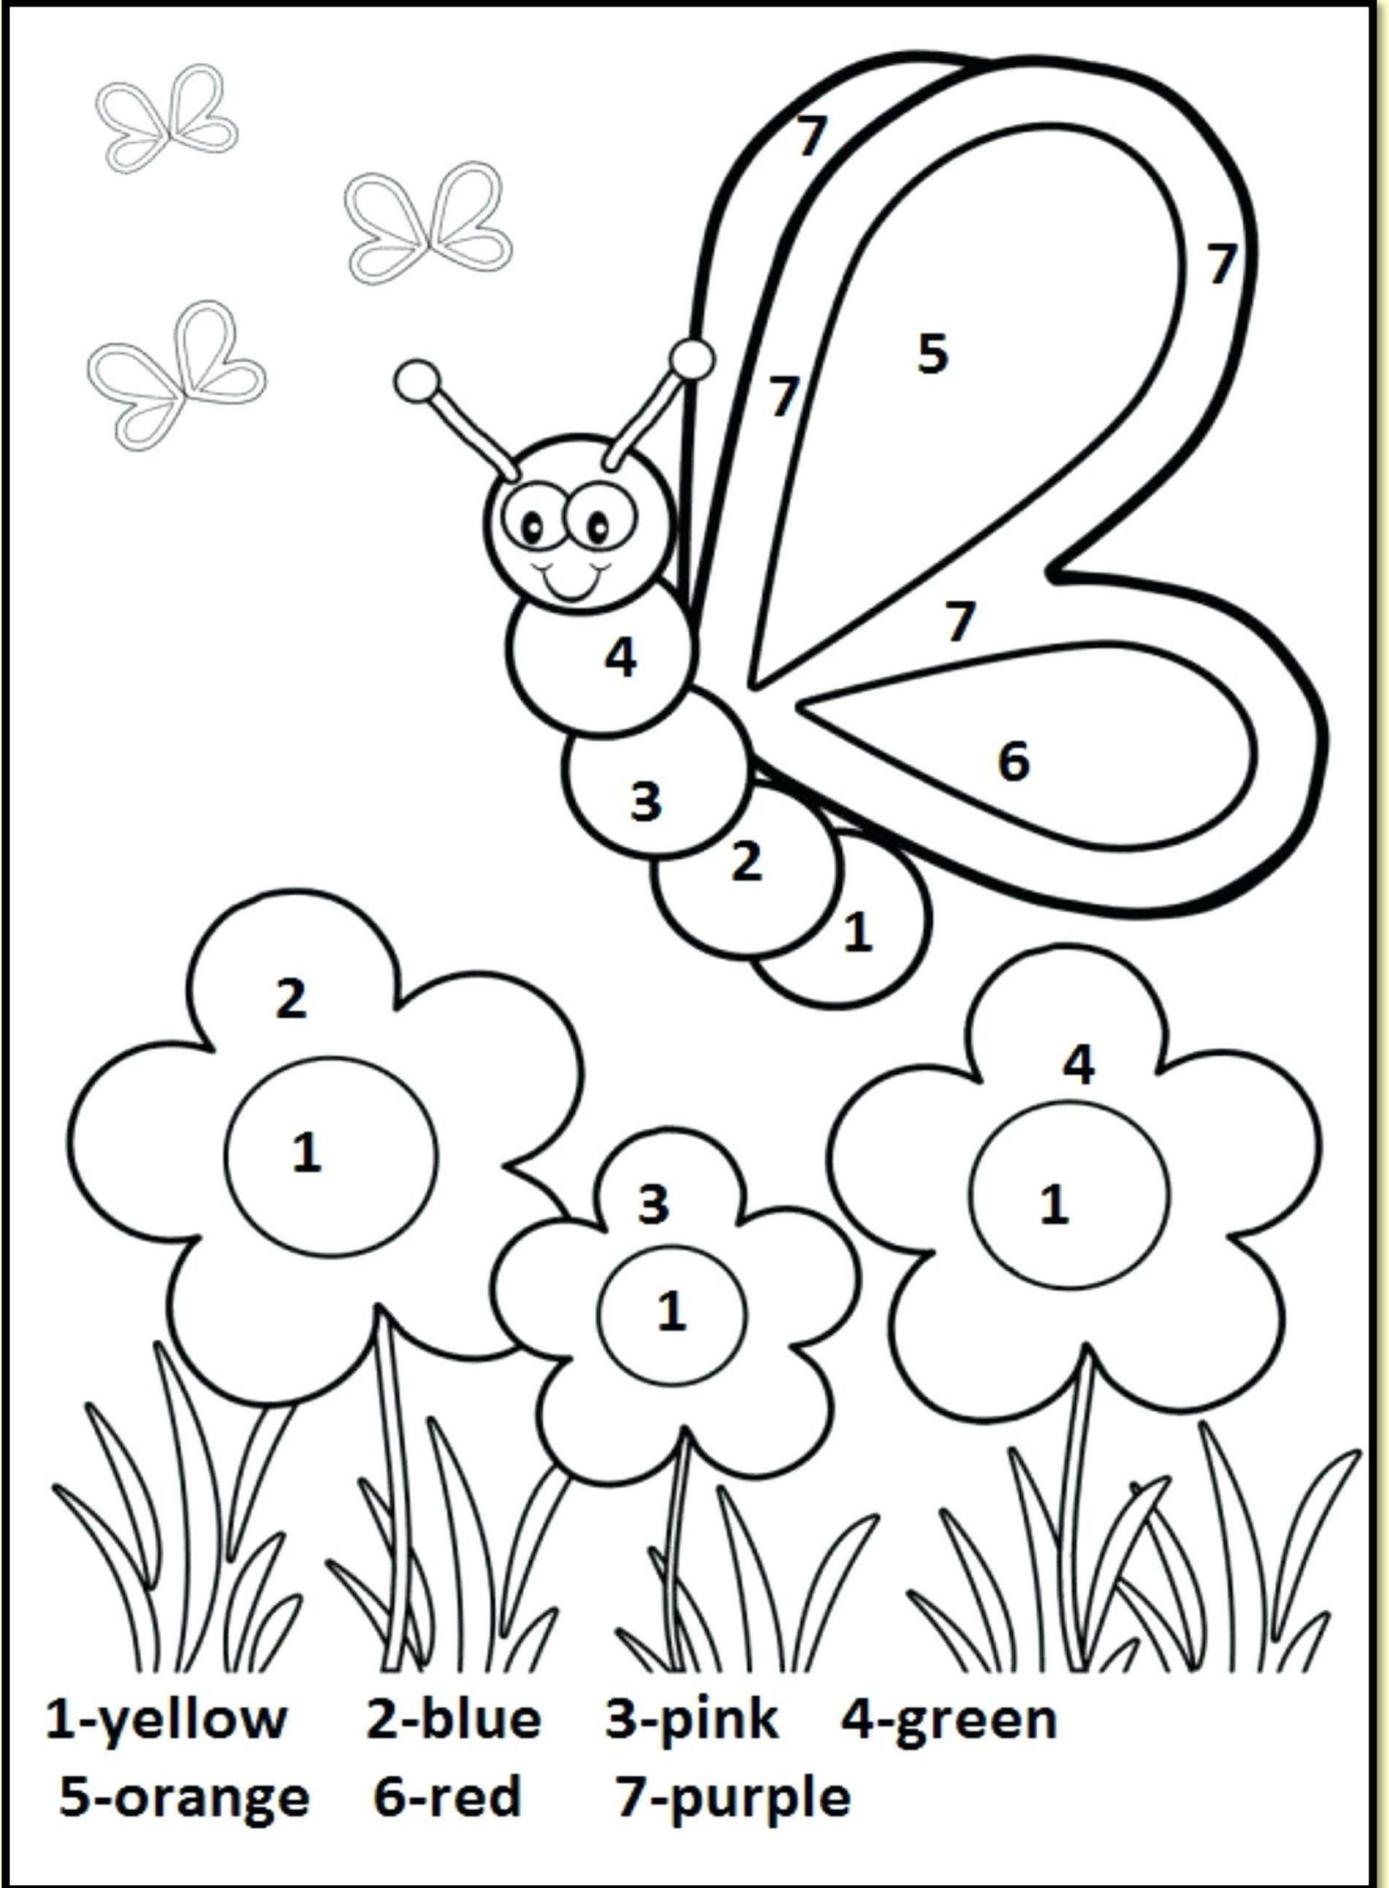

Spot the difference

Find 5 differences.

Color the Picture.

1-yellow

2-blue

3-pink

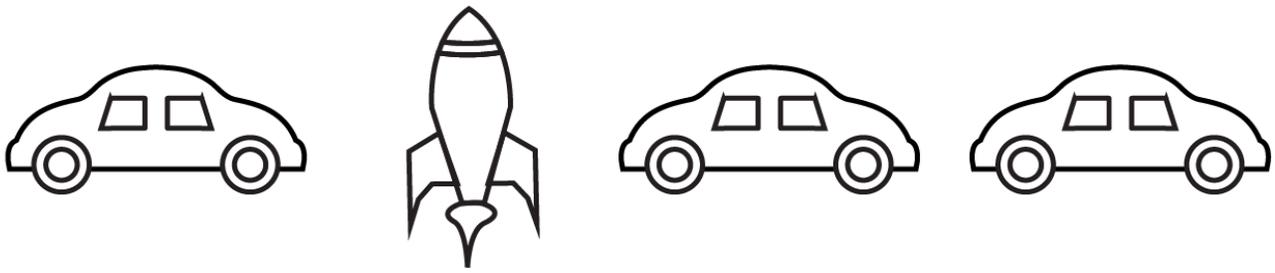

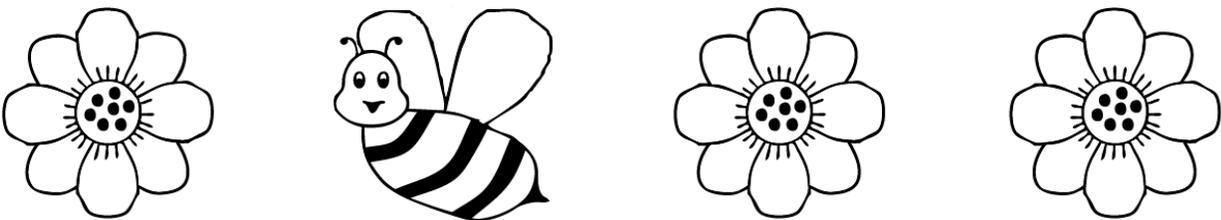

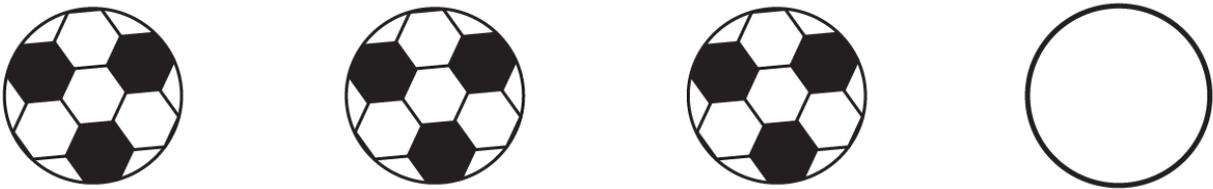

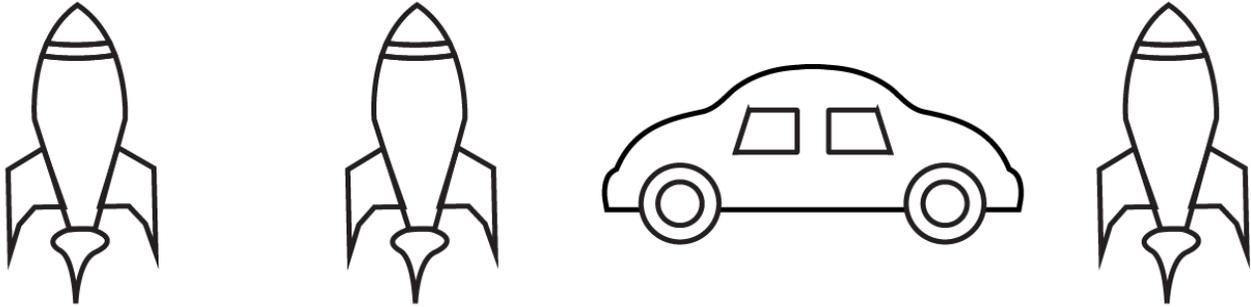

4-green

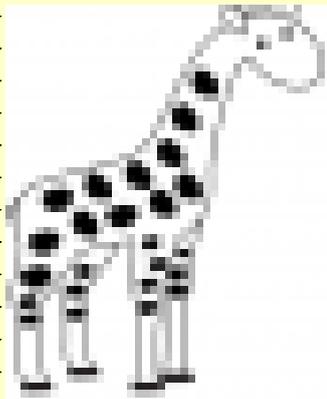

5-orange

6-red

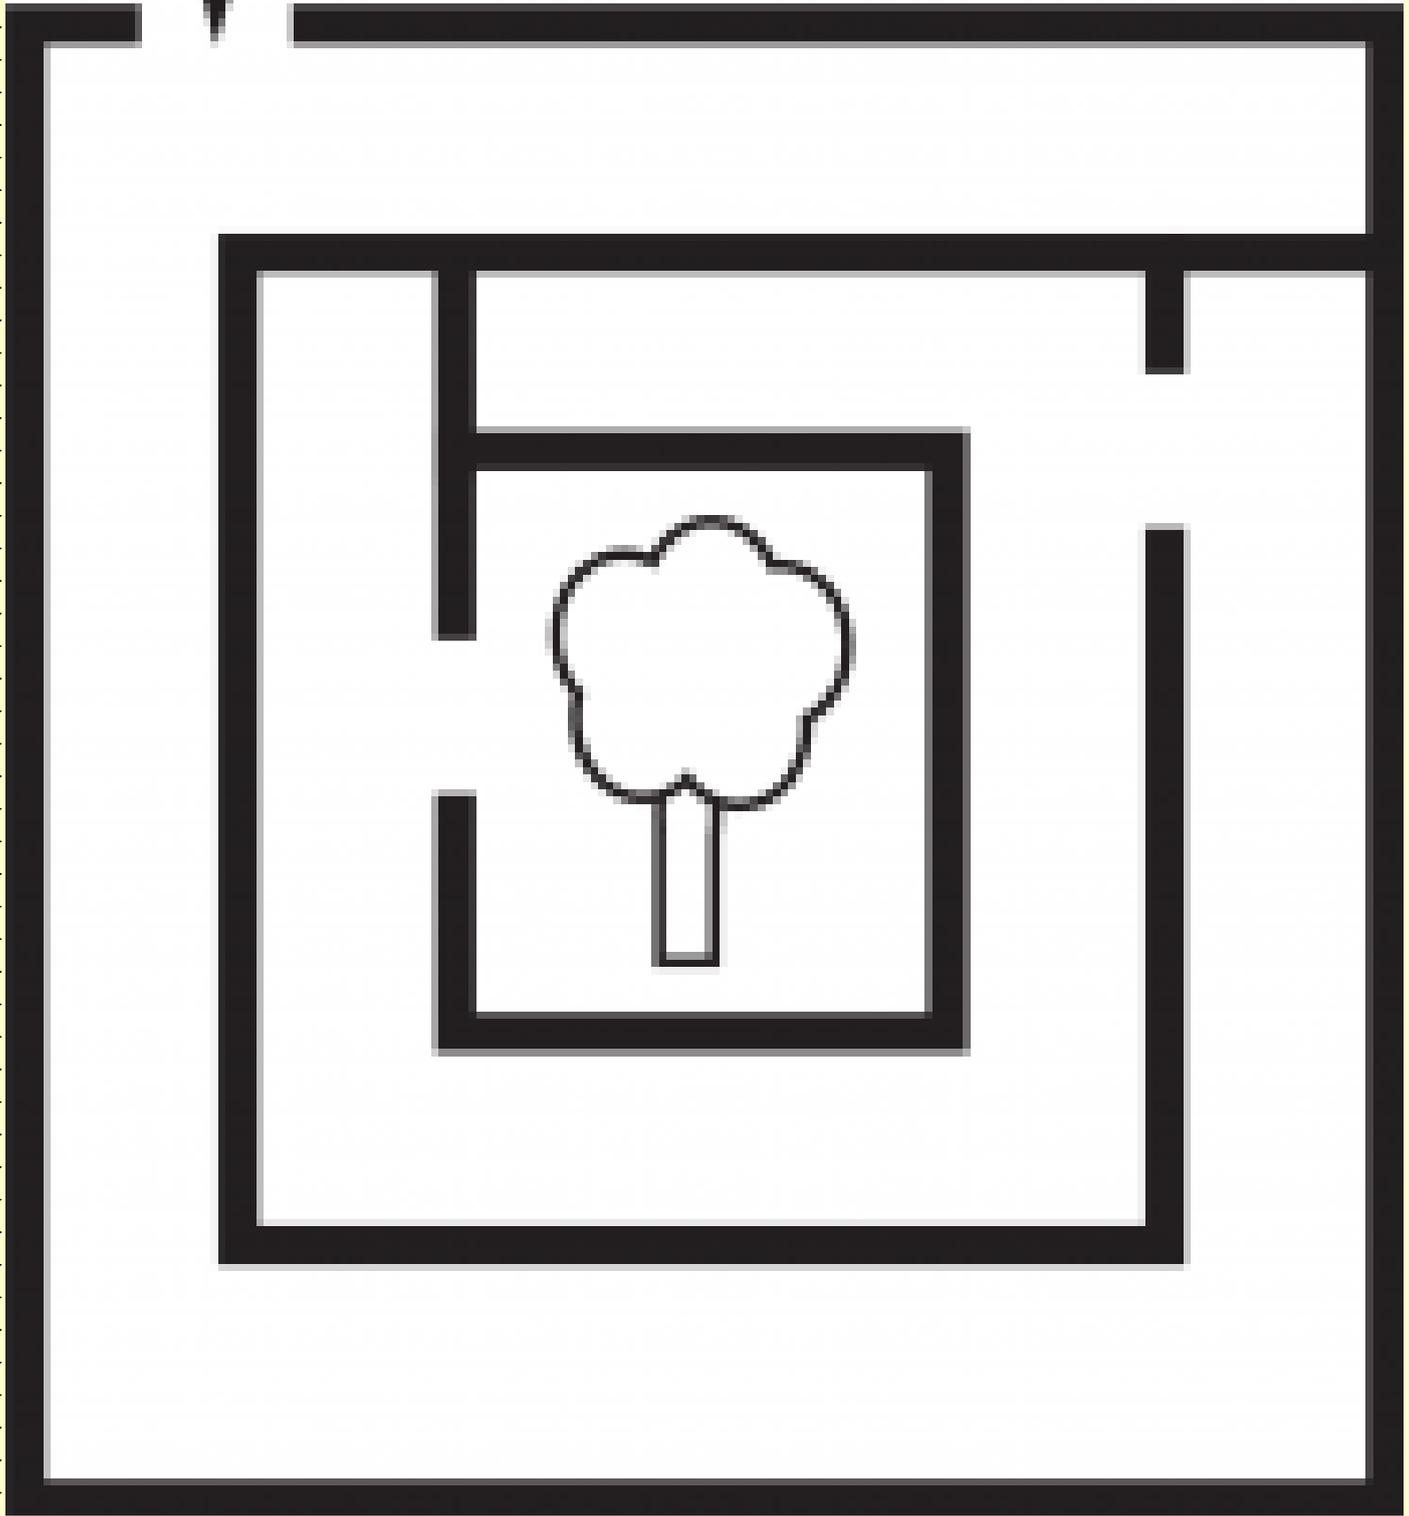

7-purple

Circle the picture that is different.

Help the giraffe
find the tree.

Name _____

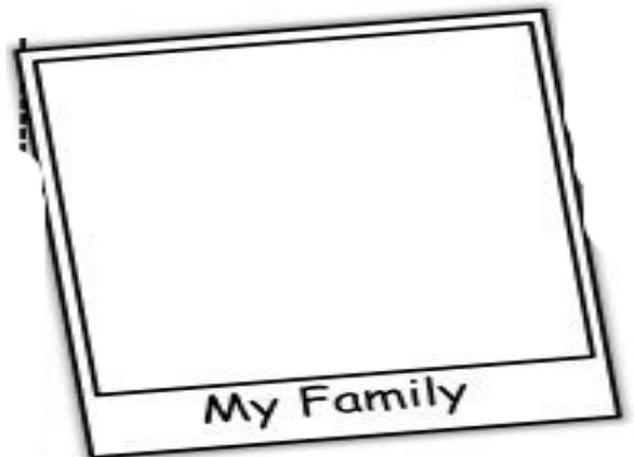

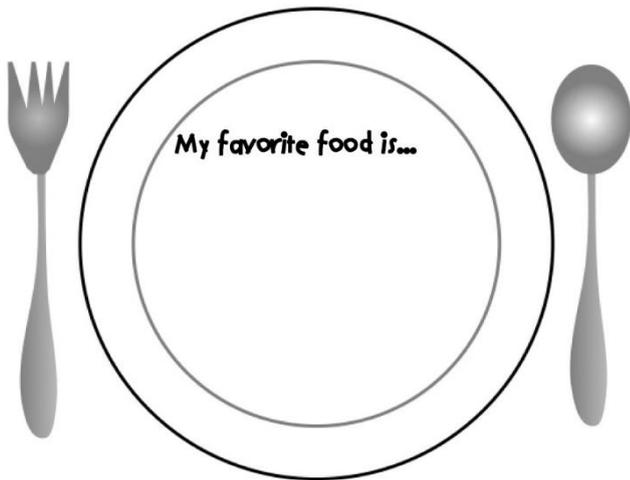

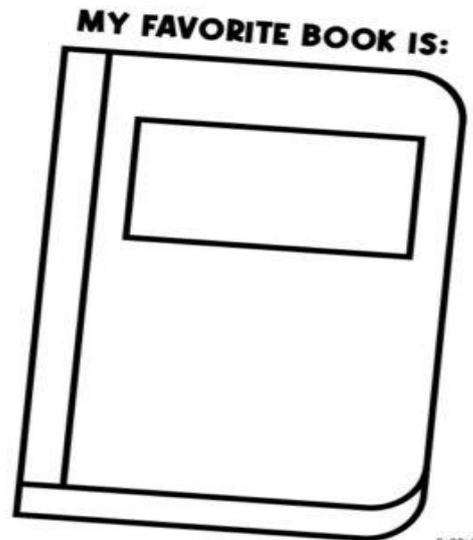

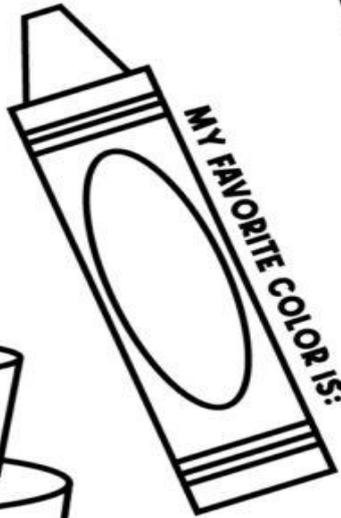

Recycle Kids Tracing

Directions: Help the kids recycle. Trace the line from each item to the recycle bin. Color the pictures.

Draw or Paste:

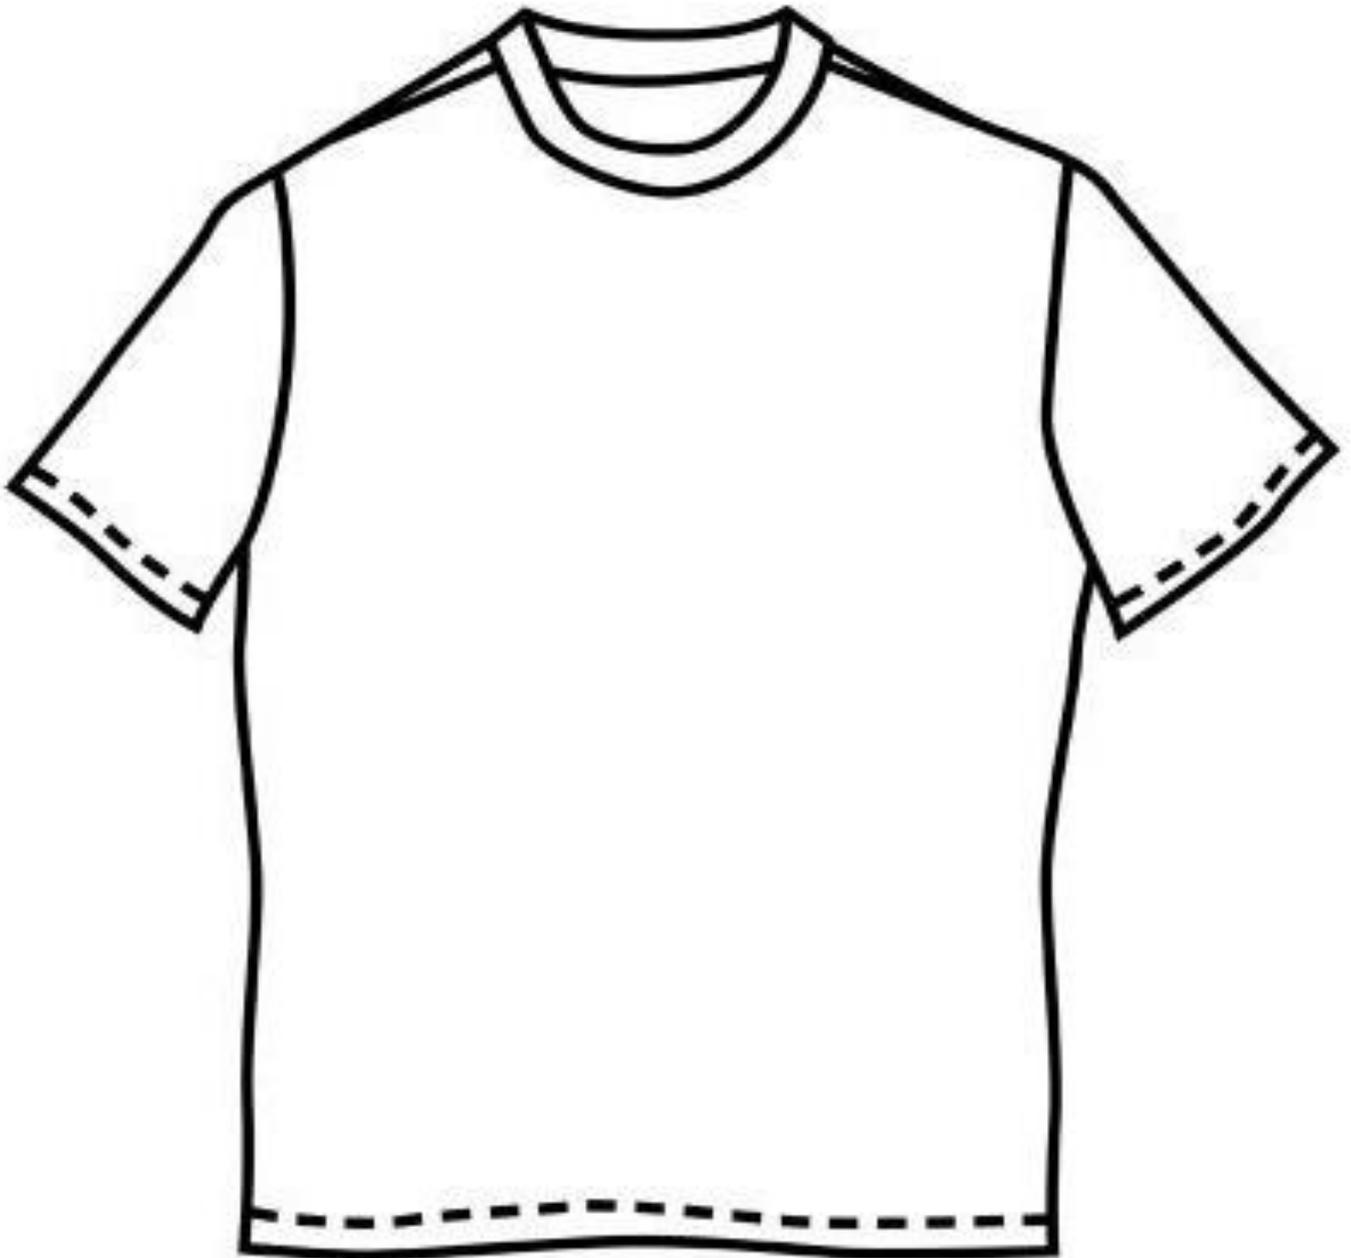

ALL ABOUT ME!

- ❖ **Make a self-design T-Shirt using different types of printings like vegetable, leaf, bottle caps, flowers , hand printing etc...)**
(use light colour plain T-Shirt)

Design Your Own T-Shirt

Be your own T-Shirt designer! Add a picture to the front or a pattern all over, pick some colours, and get creative!

Have a great
